DUBAI ISLANDS: A HAVEN OF LUXURIOUS TRANQUILITY

Nestled in the azure embrace of the Arabian Gulf, Dubai Islands is a breathtaking archipelago, offering an oasis of luxury spanning 18 square kilometers.

With five enchanting islands connected by picturesque roads and bridges, it's a sanctuary where golden beaches, upscale resorts, and lush parks meet the rhythm of cultural hubs and vibrant beach clubs.

DUBAI ISLANDS INTRODUCTION

LOCATION

Dubai Islands is located off the coast of Deira, Dubai, United Arab Emirates.

WATERFRONT

Over 50 kilometers of waterfront.

DEVELOPMENT FOCUS

Residential, Leisure, Hospitality, Tourism Developments

TOTAL AREA

Approximately 18 square kilometers.

NUMBER OF ISLANDS

5 interconnected islands: Island A, Island B, Island C, Island D, Island E.

WATER CONSERVATION

Nakheel is committed to conserving water on the Dubai Islands. This will include using recycled water for irrigation and other non-potable uses, as well as installing water-efficient fixtures and appliances.

DUBAI ISLANDS GUIDELINES CREATED BY NAKHEEL

LAND USE PLANNING

The guidelines specify how the islands should be used, including the allocation of land for different purposes such as residential, commercial, and recreational.

INFRASTRUCTURE

The guidelines specify the infrastructure that is required for the islands, such as roads, bridges, and utilities.

BUILDING DESIGN

The guidelines require developers to use energy-efficient building materials and methods. The guidelines also require developers to install renewable energy systems such as solar panels and wind turbines.

ENVIRONMENTAL PROTECTION

The guidelines include measures to protect the environment, such as the conservation of mangroves and coral reefs, and the reduction of pollution.

TRANSPORTATION

Nakheel is committed to developing a sustainable transportation system for the Dubai Islands. This will include a network of public transportation options, as well as infrastructure for walking, cycling, and electric vehicles.

WASTE MANAGEMENT

Nakheel will implement a comprehensive waste management system for the Dubai Islands. This will include waste reduction, recycling, and composting programs.

ABOUT ISLAND A

Island A of Dubai Island is one of the five man-made islands that make up Dubai Islands.

Island A is a spectacular center of life and entertainment. It is designed to meet Dubai's growing tourism aspirations by adding more hotel rooms and vacation experiences to our coast.

A world class mall, upcoming at and cultural district, water park, beachfront hotels and more will make this island one of Dubai's most effervescent locations.
